Subject: Re: Dimock GW Site - Summay of Lab Efforts

Eric,

I have ordered standards from 2 vendors for 1-methylnaphthalene.

You have 2 new compounds to test by 8270: 1-methylnaphthalene and 2-methoxyethanol. Jennie has the neat standard for 2-methoxyethanol.

I will update Cindy's summary sheet.

Sue

Err

Slightly confused about

"GC/MS – 1-methynaphthalene standard being ordered. Eric is testing to see if can run as 8270"

Is it supposed to be 1-methylnaphthalene or 2-methoxyethanol?

If 1-methylnaphthalene has someone ordered?

Have no problem running whatever just first time I have heard of 1-methylnaphthalene.

Understand I am going to try to run 2-methoxyethanol by 8270.

THANKS!!

Subject: Dimock GW Site - Summay of Lab Efforts

I prepared a summary sheet for our efforts in supporting the Dimock GW Site. Would you review and make sure I captured the efforts correctly?

I think we could use this when I send out a note to the branch summarizing status??? What do you think?
